We Invite You

We cordially invite you to attend our auction sale on June 1st. Although this is the first sale in which we have joined forces, we have done so because of an open admiration for each other and for the methods used in managing the three herds. Like many other breeders, our herds are not large enough to make possible individual auction sales, yet together we produce cattle in large numbers and it will be easily possible to assemble a very strong offering on an annual sale basis.

Although we do not wish to praise our own cattle unduly, we are very proud of the quality and breeding of the cattle in our first sale. The offering is made up almost entirely of animals produced in our three herds and sired by the herd bulls that are presently in service. We believe that careful buyers will appreciate the fact that these are breeding cattle and not speculator cattle.

Planning this sale has covered a long period of time, and it has been a real pleasure to work together. Frequent conferences have been held and each consignor, as well as the sale manager, has been free to criticize and make changes in order to bring about the general improvement of the offering. As a result, we agree that all of the animals are of a kind that we would gladly accept into our own herds for replacement purposes.

Whether or not you are in the mood for buying, we hope you will do us the honor of attending. We are confident that sale day guests will gain a favorable impression of the work we are doing.

Terms and Conditions

GUARANTEE – All cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association, printed on page 71 of this catalog. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but cattle will be at buyer's risk as soon as bid off. Every precaution will be taken to see that animals arrive in sound and healthy condition.

TERMS – The terms of this sale are cash unless arrangements are made in advance with the owner. All settlements must be made with the clerk of the sale immediately at the conclusion of the auction and before the animals are removed.

HEALTH – Calfhoo vaccination is practiced regularly in these three herds. The cattle in this sale have been tested for Bang's Disease within 30 days of the date of the sale. A 60 day Tuberculin retest will be allowed. Health certificates will be provided with each lot sold.

LIABILITY – Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneer, clerk and sale manager have been employed by House & Benroth, M. H. Woody and Carl H. Stander for specific tasks not connected with the handling of the cattle or the condition of the premises, and they accept no liability for the contract or for any accidents that may occur. House & Benroth, M. H. Woody and Carl H. Stander will make every effort to provide for the comfort and safety of those attending the sale, but they can't accept liability for injuries that may occur. Accidents at cattle sales are rare, but all attending must do so at their own risk. Footnotes were written by the owners or from information provided by them.

INQUIRIES ABOUT CATTLE LISTED – The Sale Manager will gladly answer, to the best of his ability, any question which may arise in the minds of prospective buyers concerning the breeding and quality of any animals listed in the catalog. Such correspondence should be addressed to Hal Longley, Sale Manager, 16 South Locust Street, Aurora, Illinois.

PLEASE NOTE – Some breeding dates are given in this catalog and we believe them to be correct as of the date of printing. However, some changes may occur and it must be understood that announcements from the auction block on sale day will take precedence over matter printed in this catalog.

All females in this sale are officially vaccinated for Bang's and the three herds contributing to this sale are all under federal supervision for Tuberculosis.

AN IDEAL PLACE
TO BUY FOR
THOSE WHO
REALLY CARE

A sweet group in the pasture at Clear Creek Farms. Each production from this herd represents a true combination of good quality and good conformation.

This sale will provide one of the really good places to buy choice seed stock during the Spring sale season. The cattle have been drawn from three of the strongest herds of the breed and are backed by men who hold the highest respect of the industry. It has been a great pleasure to work with the owners in planning this sale because each agreed that they wanted to sell only the kind they would gladly accept themselves as replacements in their own herds. As a result of such co-operation, a wonderfully strong offering has been possible.

I heartily recommend this sale as a place for newcomers to buy foundation animals that are certain to perform properly and as a place for well established breeders to secure outstanding replacements. I am sure all persons who attend the sale will agree that the men who produced these cattle are doing a wonderful job for the breed.

HAL LONGLEY
of The Shorthorn World

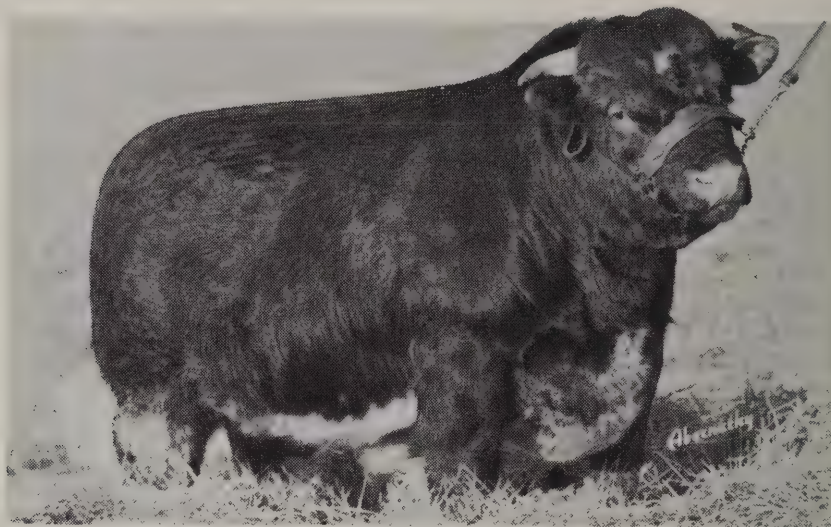

Calves produced in Carl H. Stander's herd have found favor wherever offered.

DRYNIE WONDER — Many cattlemen who have traveled to Scotland and have seen the mother of Drynie Wonder say she is one of the best cows in Scotland and also maintain that his sire, Naemoor Immaculate, is one of the great breeding bulls. All of the Immaculate cattle that have come to this country have been especially well fleshed and his daughters have produced many of the top show cattle here. Drynie Wonder has consistently bred good calves for us. This has been proved by the winning of first prize in the junior get-of-sire class at the International in both 1952 and 1953. The first bull calf we sold sired by Drynie Wonder went to Ohio State University and this bull was grand champion at the 1953 Ohio State Fair. As proof of his prepotency, Ohio State University exhibited his first heifer calf and won first prize at the 1954 Ohio State Fair. Two sons of Drynie Wonder stood second in class at the 1954 International and also won first prize pair of calves. A daughter stood third in class and his get-of-sire stood second. In the fall of 1955 his son, Willow Lee Wonder 20th, was champion bull at the Michigan State Fair and a grandson was champion bull at the Pennsylvania Farm Show at Harrisburg.

In 1954 he was grand champion bull at the Michigan State Fair and reserve champion bull at the Eastern National Show at Baltimore. He is proving to be a great sire for us. We bought him because he represents the perfect blood combination, Kirkton Baronet — Naemoor Marshal — Aldie Conqueror and because he was the kind of an individual you would expect from such ancestry. He has proved himself a truly great sire, passing on to his calves his character and quality along with his extreme width, depth, bone, full quarters and good-doing characteristics. BALLATHIE MAJESTIC — Personally selected for me by Dwight Griffith of Acadia Farms at Perth sale in 1955 where he stood second in a large class of April calves. Dwight described him as follows: "Majestic is a short legged, straight-lined, well-fleshed bull with a good head." John Sleight of Scotland says: "I know a good deal about this bull's pedigree. His sire is breeding fairly good and leaving plenty of bone to his stock. They were fairly outstanding at Perth this year. The bull would come from Justinian's sire, Calrossie Harmony that also sired Calrossie Welcome." Justinian was purchased from Cruggleton for 4,410 pounds at Perth, 1952, where he stood third in class. His mother, Jealous Elsie by Cruggleton Willington was purchased by Geo. Cox in the Marshall dispersal at a high figure for an aged cow. Grandam by Cruggleton Perfect. Majestic's dam, Ballathie Madge Ramsden 3rd, came from a very good breeding family at Calrossie and all the bulls down this pedigree were good breeders. Her sire, Glastullich Smasher, 1947 Perth grand champion, was sold for 5,000 pounds. His grandsire, Glastullich Fortress also sired Calrossie Harmony. Ballathie Majestic arrived at Clay Hills on July 12, 1955, and after a 30-day quarantine period was put to work. All the bred sale heifers in this sale carry his service and several will calve before sale day. From his good breeding and grand conformation, we are looking forward to his first calves with great optimism.

GREENWOOD SOUVENIR — Purchased at the top price of \$4,900 at the 1949 International Sale in Chicago. Following a brief showing as a senior calf at the Ohio State Fair and International Livestock Show, where many good breeders marveled at his great depth, extra short legs, great bone and wonderful beef character, it was to be expected that practically everyone who saw him would try to own him when it was announced he would be included in this top sale offering. As a result it was necessary to out-bid the sale champion by approximately fifty per cent to bring Greenwood Souvenir to Clay Hills where he has established himself as a great sire. His get, both male and female, are winning top honors wherever shown, including the second generation. He is still active in the herd. His last five calves are among the best. Shorthorn herds from North Dakota to Texas and from Maine to Florida have been improved by his get. Several of his sons have been successfully used as junior sires in the herd. Two of his sons, eleven daughters and eight granddaughters are included in this sale.

KIRKTON GAMBLER — One bull and eight females in the Clear Creek Farms consignment to this sale are by this famous son of Naemoor Marshal. His record has few equals in the history of the breed. His first five calves were placed on the market late in the year of 1952. All were sold at public auction where they competed with the sons and daughters of other leading sires. The fact that they were purchased by discriminating buyers at an average of \$4,340, a record for the first five calves by any sire, provides positive proof that Kirkton Gambler is one of the greatest sires in the history of the breed. This is your opportunity to make selections from a liberal number of calves by this famous sire.

REALIZATION — This is junior herd bull at Clear Creek Farms. He is well named because our fondest hopes have been realized through his use. He was imported in dam by L. E. Mathers and represents a combination of the most prepotent blood in Scotland. His sire is a son of the great Kirkton Baronet and his imported dam is by Glastullich Fortress by the noted Lawton President Roosevelt. We purchased him because we felt he would be a perfect cross on the daughters of Kirkton Gambler and this has proved to be the case. His calves are excellent, full of quality and remarkably easy keepers. Reluctantly, we have agreed to consign two of them to this sale, a bull and a heifer that we know you will like.

\$6,000

Clear Creek Gambler, top selling bull in the 1952 International-Congress Sale. Sire, Kirkton Gambler. Purchased by D. L. Coffey, Lindsay, Oklahoma, and J. A. Collier, Fletcher, Oklahoma. Sired the reserve grand champion bull at the Iowa State Fair, and the grand champion bull at Nebraska in 1955.

\$7,500

Leveldale Profile, second high selling bull in the 1952 Leveldale Sale. Sire, Kirkton Gambler. Purchased by Ringwell Farms, Ringwood, Illinois.

Who decides whether a bull is a great sire? The public, of course, and the public has decided in favor of Kirkton Gambler. His first five calves were sold at public auction where they competed with the sons and daughters of other leading sires. Discriminating buyers purchased them at an average of \$4,340, a record figure for the first five calves by any sire. Later calves, though offered on a lowered market, have sold at premium prices and always they have been bought by cattlemen who know and appreciate good quality. Yes, the public has named Kirkton Gambler as one of the greatest sires of the day.

*One son and eight daughters
will sell in this sale.*

\$3,900

Leveldale Augusta 34th by Kirkton Gambler. Purchased by John Alexander & Sons, Aurora, Illinois.

GAMBLER'S RANDOLPH 2840-736-- We have retained him for herd bull insurance and he goes in this sale as a special attraction. We doubt if a better headed, shorter-legged bull will be offered this year. He was a member of our 1955 show herd and did well for us. He has been used for service here on the farm. Look at the record of the Gamblers, and you will want this one.

CLEAR CREEK LANCASTER 14th -- We consider this heifer by Realization the best we ever bred at Clear Creek Farms. She is the junior yearling out of our 1956 show herd. It took a lot of coaxing for us to agree to sell her. We like her even better than the good senior heifer calves we showed last year. One of them, Clear Creek Lancaster 12th, was bred exactly like this heifer and was Reserve Champion female at the Indiana Gold Medal show and 4th at the International. Clear Creek Lancaster 13th was Reserve Champion female at the Indiana State sale in 1955. This is a great producing family.

We are proud of the record made by Bob Collier through his use of the \$6,000 Clear Creek Gambler. Here are five sons of Clear Creek Gambler that won many top prizes at 1955 shows. CLEAR CREEK VILLAGE GIRL 5th -- This good heifer was weaned young for a herd replacement but has been added as a special attraction. She is a full sister to the \$6,000 Clear Creek Gambler, owned by Collier & Coffey in Okla. She is a diamond in the rough and the kind that is rarely offered. Just look at the record of her full brother.
